NEW MONEY ORDER SYSTEM.—On the 1st of February, proximo, the money order system between the large towns of North Germany and the United States will be inaugurated. The plan is to receive payments at post offices in the North German Union and the United States, and issue orders for the same on the agents of the North German Lloyd, the amounts to be limited to about \$50, and to be calculated at a fixed rate of exchange for both countries. The arrangement will be similar to those already made by the American Post Office Department with the Government of Switzerland, except that on the American side the business will be done by the North German Lloyd instead of the post offices, the Post Office Department having declined to enter into the arrangement.
